
SENATE BILL 5617

State of Washington**66th Legislature****2019 Regular Session**

By Senators Salomon, Braun, Van De Wege, Rolfes, Wilson, L., Rivers, Fortunato, Palumbo, Keiser, Das, Frockt, Randall, Warnick, Hunt, Honeyford, Brown, Cleveland, Saldaña, Nguyen, Darneille, Conway, Pedersen, Wilson, C., and Llias

1 AN ACT Relating to banning the use of nontribal gill nets;
2 amending RCW 77.65.160, 77.50.010, and 77.50.030; adding new sections
3 to chapter 77.12 RCW; creating a new section; and providing an
4 effective date.

5 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

6 NEW SECTION. **Sec. 1.** The legislature finds that wild salmon
7 populations have declined and that many populations are threatened
8 and endangered. The legislature further finds that endangered
9 southern resident orcas rely on salmon for a significant portion of
10 their diet. The legislature further finds that the use of mark
11 selective fishing harvest techniques provide additional harvest
12 opportunities of abundant hatchery stocks while protecting wild and
13 endangered wild stocks. The legislature further finds the use of
14 nonselective harvest techniques, including gill nets, negatively
15 impacts wild salmon recovery, seabirds, and other marine life that
16 may become entangled in gill nets.

17 The legislature further finds that in 1995 the federal national
18 marine fisheries service recommended the removal of nontribal gill
19 nets from the mainstem Columbia river by 2003 and the Washington fish
20 and wildlife commission adopted a policy in 2013 to remove nontribal
21 gill nets from the Columbia river mainstem by 2017.

1 Therefore, the legislature finds that the use of gill nets for
2 the nontribal harvest of salmon must be phased out in favor of mark
3 selective harvest techniques that are capable of the unharmed release
4 of wild and endangered salmon while selectively harvesting hatchery-
5 reared salmon.

6 NEW SECTION. **Sec. 2.** A new section is added to chapter 77.12
7 RCW to read as follows:

8 (1) The director shall develop a program for the purchase and
